By Neil Young

Key: C
Chords

[Intro]

G G G C G

[Verse]

G

She used to work in a diner, never saw a woman look finer

I used to order just to watch her float across the floor

She grew up in a small town, never put her roots down

G

Daddy always kept movin', so she did too.

[Chorus]

Somewhere on a desert highway she rides a Harley Davidson

Her long blonde hair flyin' in the wind. She's been runnin' half her life

The chrome and steel she rides collidin' with the very air she breathes

The air she breathes.

[Repeat intro riff]

[Verse]

G

You know it ain't easy, you got to hold on

She was an unknown legend in her time.

Now she's dressin' two kids, lookin' for a magic kiss

G

She gets the far away look in her eyes.

[Chorus]

Somewhere on a desert highway, she rides a Harley Davidson
Her long blonde hair flyin' in the wind. She's been runnin' half her life
The chrome and steel she rides collidin' with the very air she breathes
The air she breathes.
